Designer Sample Cases. Designed For Your Lifestyle.

Tiger Window Fashions sample cases are equipped with all the necessary tools and information for you to design shades with ease. We have added horizontal Fauxwood blinds, available in smooth embossed and distressed finishes to our already popular Solar, Zebra Roller Shades and Trevi® Roman Shade collections. You now have more choices in shade styles and operating systems including our Soft Lift® cordless system and more choices in top treatments and hardware finishes than ever before!

Hardware System Sample Case & Color Guide

Fabric Swatch Decks

The Tiger swatch deck family represents the full line of current fabric offerings for each of our lines of window shades. Each individual swatch card is clearly labeled and is easily removable from the deck for convenient comparison between fabric choices. Individual fabric swatches are available free upon request to leave with your customers. We supply a Fauxwood swatch ring for color matching with several choices of white, off white and gray so you never have to guess if they are the right match to coordinate with the decor.

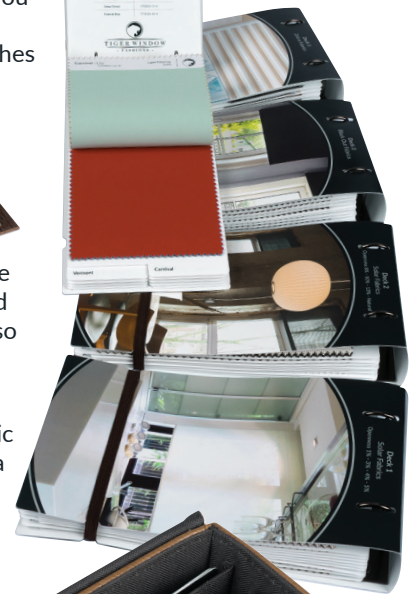

Information & Mounting Guides

All TWF sample cases include pull-out product information guides, clear acrylic mounting templates with profiles of all available hardware and a hanger you can easily affix to a window to view and compare the fabrics light filtering capabilities. Also included in the Roller Shade sample case is a Solar Fabric Openness Guide and a Zebra Shade working sample.

Hardware Color Guide

The hardware System Color Guide sample case contains actual hardware samples and color chips for each operating system as well as a complete chart showing available color choices for each.
